HEARING IN BOSTON

A hearing is scheduled in Boston on Friday, April 13th, at 10 A.M. in Room 320 at 600 Washington Street. Mr. John Collins, Director of the Massachusetts Division of Environmental Health, will preside at this hearing on a petition filed by the town for a variance from the regulations for the disposal of solid wastes by sanitary landfill. Town Counsel Leonard Perry will represent Mattapoisett.

OPPOSE STATE COST DICTATES

The Mattapoisett Board of Selectmen have gone on record in support of House Bill 3824 which would place restriction on the Legislature when considering bills which would result in increased costs to the cities and towns. They requested, in a letter to Rep-Charles MacKenzie, that he vote in favor of this bill. The Selectmen stated, "We have experienced frequent financial burden created by legislative acts. Mattapoisett strongly favors home rule and the right to fix their own budgets and financial commitments."

SPEED SURVEY

The State has completed a speed survey in Mattapoisett, at the request of the Board of Selectmen, for Main, Water and Beacon Streets and Marion Road. The speed zones

HERRING CONTROL DISPUTED

Mattapoisett, Marion and Rochester, who have fished the Mattapoisett River for alewives under mutual agreement dating back to 1857 have been advised by the Department of Natural Resources, Division of Marine Fisheries, that it will be necessary to hold a hearing in order that the State can grant local control of the public fishing for alewives.

The hearing is set for 7:30 P.M. Thursday, April 26th, at the Mattapoisett Town Hall.

The 1857 agreement reads as follows:

"The Alewive fisheries of Mattapoisett River and the town mills situate on said river shall remain the property and privilege of all the inhabitants of the Towns of Rochester, Marion and Mattapoisett; and said alewives shall be sold, as now, to each and every family residing in either of said towns, at such price per one hundred as the majority of the legal voters of the said Towns of Rochester, Marion and Mattapoisett, may from time to time, determine; and in case said towns shall fail to

MATTAPOISETT GYMNASTICS CLUB

Every morning at 7:30 a group of hard working dedicated girls get together at Old Hammondtown School, Mattapoisett, and challenge themselves to use of total body skills through gymnastics. The girls spend about an hour each morning working on very advanced skills such as handsprings, front and back walkover and many aerial tricks. Some of the girls in the advanced morning group spend as much as 3 hours a day working to improve and express themselves with total body involvement.

There are over 100 girls now taking part on various days during the week. Gymnastics has really caught on. Many girls spend most of their free time practicing at recess, at home in the living room and in the back yards and playgrounds. If enough people are interested there may be a summer program for beginners through advanced. If so interested, please contact Jim Bradshaw, at 758-4283.

Endless Town Meetings

Editorial, D.C.J.

Even the conscientious citizen would be hard put to deny that the Annual Town Meeting is unbearably long. Only the prima donnas, who star, have a good time. For the average working man, who puts in 8 hours a day before putting in the Town Meeting session, it means a sixteen to eighteen hour day. To maintain this for four nights is to invite total exhaustion. It seems as though some way must be found to limit debate or to limit the number of articles that must be considered. In analyzing this Mattapoisett Town Meeting it took no genius to forecast that the sewer question would be a long drag. The town government section would be a long drag. It could be foreseen that the zoning sections would take a long period of time. Perhaps it is time to consider continuing the Town Meeting into 2 or 3 bearable sections over a two or three week period. The innovation of putting an indefinitely postponed article out of reach of the Annual Town Meeting would insure that article would not be dragged up and powered through in a later section. Unless some way is found to make this Town Meeting bearable, fewer and fewer people will do the spending for a larger and larger group of taxpayers. A rough estimate can be made from this meeting that 15 articles is a night's work. If the meeting started on the announced hour instead of 15 to 20 minutes late perhaps 20 articles could be the rough estimate. Better attendance and so better government would result.

day in February.

After the Sunday following the third Saturday in October (formerly the end of the regular season) the daily limit on trout in streams and ponds will drop to two. This extension, however, does not include reclaimed trout ponds; as always, they will close the Sunday following the third Saturday in October.

The Fish and Game Board announced its decision to extend the season at a hearing held the evening of Friday, March 30, at Westboro Field Headquarters. The capacity crowd of 225 voiced near-unanimous support.

Also considered by the Board that night were proposals for a muzzle-loading deer season, restrictions on the use of all-terrain vehicles on wildlife management areas and regulations on raccoon hunting on wildlife management areas. After listening to many suggestions on these matters (many of which were contrary to recommendations by the Division's professional staff) the Board elected to postpone its decision for 30 days. Further testimony will be accepted in the meantime. It can be mailed directly to "The Board", Fish and Game Headquarters, 100 Cambridge Street, Boston, Mass. 02202.

A Question of Responsibility and Liability

Editorial, D.C.J.

Both the Town Planner Richard Macomber and the chairman of the Water Pollution Abatement Committee Francis Lynch have stated in hearings and many times on the Town Meeting floor that the town of Mattapoisett would not be allowed to build a sewage treatment plant, of the Old Rochester type, which treats the sewage and then discharges into a river or stream. We were told that even if this discharge were made to be 100% pure that it would not be allowed by the Massachusetts authorities.

In his presentation on Thursday, Mr. Macomber stated that State authorities are even now ready to apply legal notice to both Mattapoisett and Fairhaven that both must halt the discharge of sewage and that both will be put on a 1977 deadline of compliance.

Fairhaven's new treatment plant, the system that we are under pressure to tie into in order to receive needed financial grants,

discharges treated outflow of sewage into the Acushnet River which we have been told repeatedly is against the law and won't be tolerated.

The question is this: Is the Massachusetts authority staying this notice of compliance in order to await Mattapoisett into a commitment that would make this town a part of the Fairhaven system? Once committed, would Mattapoisett be in violation of the law, in partnership with Fairhaven and would have to share in the great cost of either a hook-up with the New Bedford sewer system which has an outflow into Buzzards Bay or else would Mattapoisett be liable with Fairhaven for the cost of building a separate outflow pipe from the present point of illegal discharge into the Acushnet River to an unknown point in Buzzards Bay as dictated by the State?

This possibility should be investigated, perhaps negotiated, then reported to the citizens of the town. Mattapoisett taxpayers want to solve the problem of the sewer. It is imperative, however, that everyone be aware of the total financial respon-

State Land Reimbursement?

AYLMER: "GUARDED OPTIMISM" ON LOCAL AID DEFICIENCY IN SENATE

Senator John F. Aylmer (R) has expressed guarded optimism with respect to his current efforts in Senate Ways & Means concerning the realization of long sought after reimbursements to the cities and towns for state owned lands located therein representing tax loss by Commonwealth ownership.

The Cape Senator indicated that he expected the Ways and Means Committee, of which he is a member, to attach 9.2 million dollars to the pending deficiency budget prior to reporting same to the Senate floor for debate. Aylmer indicated that his committee efforts might well be successful, and that the real battle would be to protect the funds in the budget first during Senate debate and, most importantly, to persuade the Conference Committee to retain the appropriation in the budget prior to sending same to the Governor for his signature.

Aylmer said, "I am optimistic that we can struggle to keep this appropriation intact during the Senate action on the deficiency. A stiff battle lies ahead, however, with the Conference Committee, inasmuch as the House has indicated their opposition to this amendment by first adding the monies, then deleting same later in House debate." Aylmer urged his legislative colleagues who represent the 243 towns affected to contact their legislative counterparts in both branches in an effort to cement support especially from the Conference Committee when it is appointed by Speaker Bartley and President Harrington to iron out differences in the budget version of each branch.

"This moral and fiscal obligation must be met now," stated Aylmer, "this represents a last ditch effort to realize monies long due for property taxpayer relief in numerous Massachusetts towns," he concluded.

WALK TO SAVE A LIFE

On Sunday, April 29th, Old Rochester Regional High School and My Friends House--a non-profit world organization for children --are sponsoring a Walk. MFH is international in scope, trying to assist children by building a foster home in Maine and supporting a half-way house for Amerasian war orphans in Saigon.

MFH is not affiliated with any one government or religious organization. The needs of these children are desperate and MFH needs any help you can give.

The Walk is slightly under 14 miles through the countryside of Mattapoisett, Marion, Rochester and Wareham. It starts at 10 A.M. in Washburn Park, Marion. The Walk provides many opportunities for you to help. MFH Walk needs Walkers, checkpoint and registration workers, Walk marshalls and many other sorts of manpower. Please come on April 29 and help.

For further information on MFH, sponsor sheets, or to volunteer please call: Merry Lynn Stephan, 758-2071; Noreen Holley, 295-5610.

YWCA NEWS

Miss Louise E. Strongman, skipper of the Girl Scout Mariners for 35 years, will be guest speaker for the Travel Club on Friday evening, April 13th. This meeting is one week early because of Holy Week. Last September Miss Strongman toured Russia and then took a two-week cruise with Captain and Mrs. Irving Johnson on the Yankee to Yugoslavia, Italy and Malta. Miss Strongman will show movies of both phases of her trip at 8 P.M. Prospective Travel Club members are cordially invited. Refreshments will be served following the program. The business meeting will be held at 7:30 P.M when the nomination of officers will take place. Plans will be completed for the shopping trip to Worcester Mall on Saturday, April 14th.

Guest speaker for Wednesday's Weekly Luncheon on April 18th will be Mrs. Barbara Tolman Whitcomb of Wareham, a member of Twelve O'Clock Scholars, a group of Cape Cod authors. Mrs. Whitcomb will read stories from the Gramp Stories, anecdotes centered around the activities of a little girl and her grandfather on Cape Cod.

Channel 2 Auction

ARTICLES ON EXHIBIT IN NEW BEDFORD

Area artists, craftsmen and antique dealers have responded generously to the annual call of Channel 2 Boston for donations to its fund-raising TV auction. For the first time, local communities can see in the "real" how some express both thanks and concern for the future of the station and its affiliates.

Paintings, photography, prints, antique objet d'art and weavings headed for the auction block will adorn the historic Rotch-Rod-

man House on Second St. between Elm and William Sts. in downtown New Bedford from April 27 through April 29. The exhibition will be open Friday and Saturday from 10 A.M. to 5 P.M. and on Sunday from 1 to 5 P.M. It is free to the public. All are urged to drop by and whet their appetites for bidding with first-hand knowledge when the objects appear for sale on TV in the first week in June.

The exhibition itself represents one collective donation from the Greater New Bedford Area to Channel 2. The show will be mounted through the close cooperation of the Waterfront Historic Area League which has opened the Rotch-Rodman House, of local merchants and organizations and of area artists who have given so generously of their works.
